What is Takaful?

Takaful is a Shariah compliant way of safeguarding yourself and your family against future financial losses. A Takaful product assists participants to share their risk on the basis of cooperation, brotherhood, mutuality and solidarity for the common good.

How does the Takaful Membership operate?

Individuals in the community come together for a common purpose and contribute into a Waqf Fund operated by a Takaful Operator to protect themselves against future financial losses.

The following pictorial representation summarizes how your Takaful membership will operate with EFU Life:

Growth Opportunities

Your contributions to the Plan will be utilized to purchase units of the EFU Takaful Growth Fund. This is a unit linked fund comprising of Shariah compliant investments. The objective of the Fund is to maximize capital growth by investing in a portfolio spread across a wide range of investments such as Islamic mutual funds, approved equities, term deposits in Islamic Banks and Sukuk bonds. The fund is managed by in-house investment experts who adjust the mix of underlying investments in light of economic conditions and investment opportunities.

About Surplus Sharing

Takaful offers a unique feature of Surplus Sharing to the Participants in addition to risk mitigation benefits. By contributing Tabarru (donation) into the Participant's Takaful Fund (PTF), the participant may be entitled to a share of possible surplus funds. At the end of each year, EFU Life will determine the surplus in the PTF based on the method approved by the Shariah Advisor and Appointed Actuary.

Benefits of Surplus Sharing

A part of the surplus may be distributed back to the participant in the form of Bonus Units through additional unit allocation in the Participant's Investment Account (PIA). These Bonus Units will enhance the Cash Value of your Takaful plan.

What are the Takaful Benefits?

Continuation Benefit:

In the unfortunate event of death prior to the maturity of the plan, you would want to make sure that the future plans for your children are still fulfilled.

The Continuation Benefit which is built into the plan will ensure that all future contributions are paid by the PTF managed by EFU Window Takaful Operations following the participant's death until the plan's maturity date. This means that the funds that you had planned will still be available for your children

- The Basic cash value of Participant's Investment Account (PIA)
- Plus
