## Joining Together for a Better Tomorrow

EFU Life introduces its range of Family Takaful products under “**Hemayah**” – a dedicated Shariah Compliant Window Takaful brand. Hemayah is derived from Arabic roots and signifies the “protection” that is offered by EFU Life’s Family Takaful products to support you and your family’s future, at every step of your life.

### Hemayah Takaful Group Savings Plan

We’ve all heard that we should stay prepared for a rainy day. However, in these times of financial instability, saving a portion of one’s income might seem difficult. That is where a strong financial planning tool is needed for your family which is dependent on the prudent decisions you make today. Hemayah Takaful Group Savings Plan is a Shariah-compliant unit-linked and waqf-based savings plan which lets you facilitate your employees’ efforts to build a financially secure future by saving a portion of their income while enjoying takaful coverage. It enables employees to regularly save a proportion of their income, building up to a substantial amount at maturity. With low contributions, higher allocation and an easy-to-administer plan, you can provide a unique package of funds management and financial security to your employees.

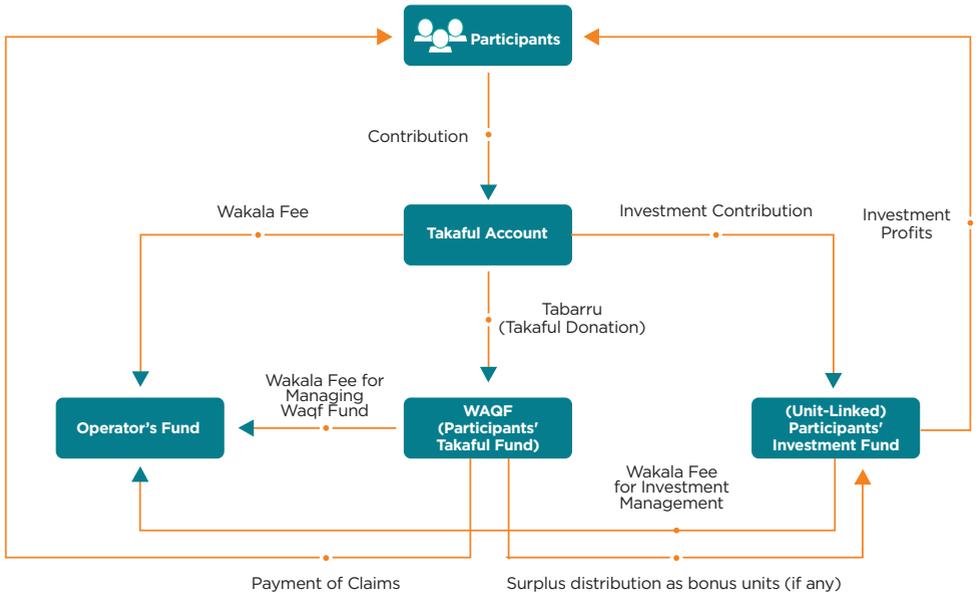

### What is Takaful?

Takaful is a Shariah-compliant way of safeguarding yourself and your family against future financial losses. Individuals in the community unite for a common purpose and contribute to a Waqf fund operated by a Takaful operator to protect themselves against future financial losses. A Family Takaful Plan assists participants in sharing their risk on the basis of cooperation, brotherhood, mutuality, and solidarity for the common good.

## How does the Takaful Membership operate?

Hemayah Takaful Group Savings Plan can be easily customized to suit your specific needs. You can decide on the level of takaful protection and investment which is in line with your long-term financial planning goals.

The following pictorial representation summarises how your takaful membership will operate with EFU Life:

## Opportunity for growth – Shariah Compliant Investments

Your contributions to the Participant's Investment Account (PIA) will be invested in Shariah Compliant Unit Linked funds selected at the inception of the policy. The funds available are:

### EFU Takaful Growth Fund

A unit-linked Participants' Investment Fund (PIF) comprising Shariah-compliant investments. The objective of the Fund is to maximize capital growth by investing in a portfolio spread across a wide range of investments such as Islamic mutual funds, approved equities, term deposits in Islamic Banks and Sukuk Bonds.

### EFU Takaful Aggressive Growth Fund

If your contribution amount is Rs. 100,000 and above, you can avail this unit-linked Participants' Investment Fund (PIF) comprising of Shariah-compliant investments, aimed at maximising capital growth by using investments with an aggressive market outlook.

Both funds are managed by in-house investment experts who adjust the mix of underlying investments in light of economic conditions and investment opportunities.

## Extended Term Takaful (ETT):

One of the most flexible feature that allows the Participant to pay contribution for a predetermined ETT term and stop contribution for the remaining coverage term. This is particularly convenient if the Participant is unable to continue with the Contributions but requires the coverage. The ETT option cannot be availed prior to payment of 10 policy years. Riders (if any) will be discontinued once ETT is selected.

## Surplus Sharing – A unique feature of takaful

Takaful offers the unique feature of surplus sharing to participants in addition to risk mitigation benefits. By contributing Tabarru (donation) to the Participants' Takaful Fund (PTF), the Participant may be entitled to a share of possible surplus funds. At the end of each year, EFU Life will determine the surplus in the PTF based on the method approved by the Shariah Advisor and Appointed Actuary.

A part of the surplus may be distributed back to you in the form of Bonus Units through an additional unit allocation in your PIA. These Bonus Units will enhance the Cash Value of your takaful plan.

## **Access to your savings – At any time**

Nobody can predict the future. If your circumstances change and you require funds during the Membership Term, you can encash your Plan for the total cash value in the PIA at any time. Please remember that the cash values during early years will possibly be low, as the plan is designed for long-term financial needs.

Alternatively, you may just want a small portion of the capital you have built up; the plan gives you the facility to make partial withdrawals at any time whilst keeping the plan in force.

Please note that this facility is subject to a minimum of PKR 10,000 remaining as Basic Cash Value after such withdrawals.
