**Fund Acceleration Contributions**

In case the Participant has extra funds available, there is a flexibility to channel these to the Plan to provide boost to the savings. These lump sum contributions are called Fund Acceleration Contributions (FAC) and can be paid anytime during the years where policy is active. The minimum FAC contribution is Rs.15,000 per payment.

**Access your Savings**

If your circumstances change and you have a need for cash, you can encash your Plan for the Total Cash Value in the policy, at any time. Please remember that the value in the early years is likely to be low as the Plan is designed for long term financial planning needs. Alternatively, you may just want a small proportion of the capital you have built up. This Plan gives you the facility to make partial withdrawals at any time whilst continuing to make contributions. This facility is subject to at least Rs.25,000 remaining as cash value after such withdrawals.
